

What about the people? Introducing the Digital Divides.

Who is InternetNZ?

InternetNZ is the home and guardian of .nz, providing the infrastructure, security and support to keep it humming. We help New Zealanders harness the power of the Internet through our community grants, research and policy. We are champions for an Internet that is accessible, open, and secure for all New Zealanders.

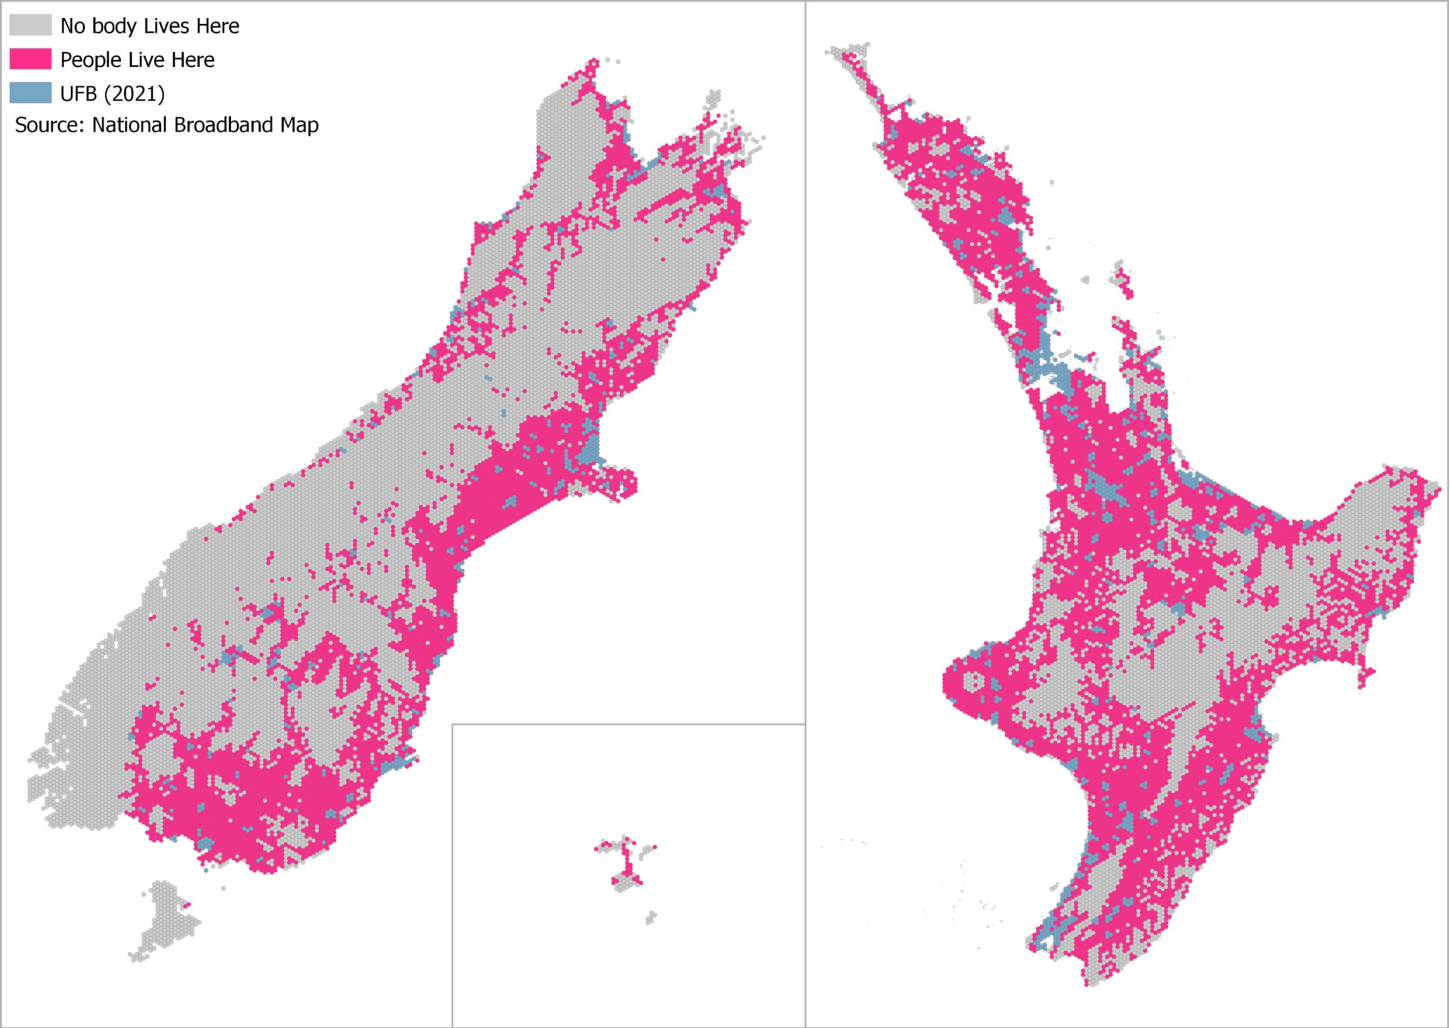

**Connectivity is
only part of the
story**

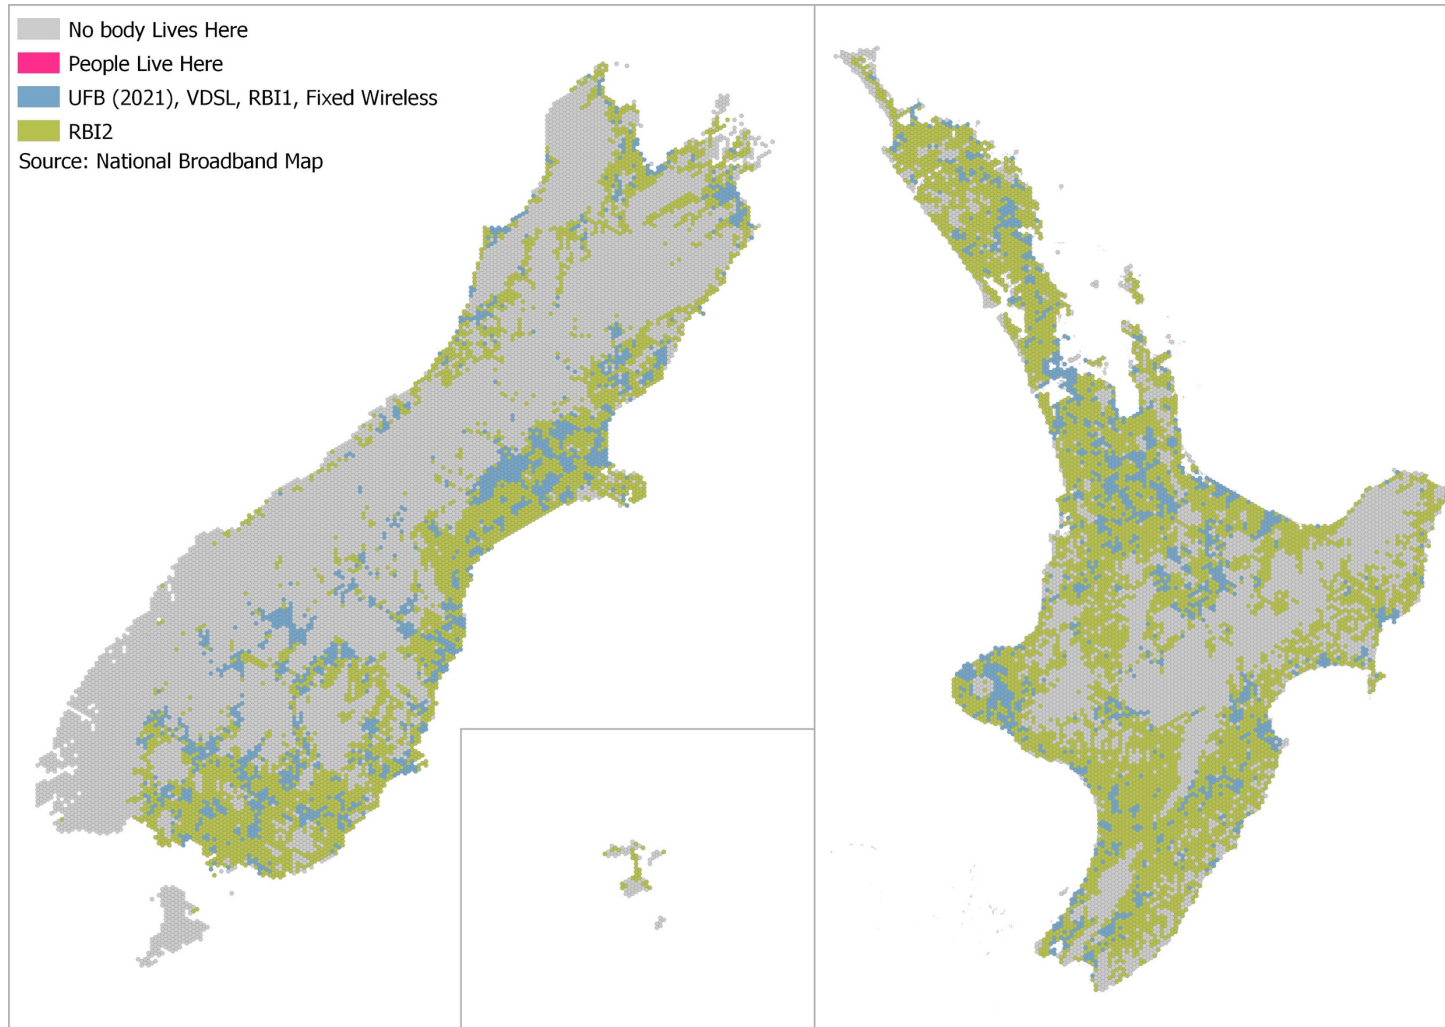

Here's where people live

Fibre doesn't go far

Something for everyone?

**There's more
than one Digital
Divide...**

“Out of the Maze” Report Highlights

1. **FINANCIAL** Barriers to Access

2. **PHYSICAL** Barriers to Access

3. **MOTIVATIONAL** Barriers to Access

4. **TRUST & SAFETY** Barriers to Access

5. **SKILLS** Barriers to Access

6. **CAPACITY** Barriers to Access

**We need to
solve these
divides as well**

We've got to work together to do that

- We've shown we can, just look at the transformation that is happening with rural connectivity.
- We won't realise the full value of this infrastructure without solving these other challenges.
- Work across Government, business, community and civil society contributions – but smarter.

Thank you.
