

# From infrastructure to outcomes

Preparing for the digital infrastructure needs of 2030 and beyond

**Johnathan Eele**  
CEO, Enable Fibre Broadband

**Coverage isn't  
the only hard part.**

---

EMERGING TECHNOLOGIES NOT COMPETING, BUT CONVERGING

# The future is a layered system

**SATELLITE**

**WIRELESS**

**FIBRE**

WHAT'S CHANGING

# Demand is accelerating fast

**Explosive growth  
in data use**

**Increasing speed  
expectations**

**Latency is  
critical**

**Resilience  
matters**

# **We need flexibility for the future**

- **Connectivity delivers real outcomes**
  - **Coupled with productive utilisation**
  - **Resilient and reliable**
  - **A system flexible enough to adapt**
- 

# **Thank you**
